## **DETAILED ACTION**

### ***Reasons For Allowance***

1. The following is an examiner's statement of reasons for allowance:
  - The primary reason for allowance of claims 1, 19, and 38 is due to the combination of limitations added in independent form which state "the heater element being suspended by the electrodes in the bubble forming chamber," "the plane of the heater is parallel to the nozzle," and "the gas bubble causing a drop of the ejectable liquid to eject through the nozzle, the energy applied to the heater element being less than the energy required to heat a volume of the ejectable liquid equal to the volume of the drop, from a temperature equal to the ambient temperature to the boiling point of the bubble forming liquid." These limitations overcome the prior art.
  - The reason for allowance for claims 2-8, 10-18, 20-27, 29-37, 39-44, and 46-54 is due to their dependency on claims 1, 19, and 38 which overcome the prior art.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Any inquiry concerning this communication or earlier communications from the examiner should be directed to Han S. Choi whose telephone number is (571) 272-8350. The examiner can normally be reached on Monday - Friday, 8:30am to 5:00pm.
